

Energy Advisory Committee
Tuesday, November 15, 2011 1:00 p.m.
House Room C, General Assembly Building

- **Call to Order & Introductions**

The chair called the meeting to order. Committee members and staff introduced themselves.

In his opening remarks, the chair requested that staff provide a copy of the report, "From Barracks to the Battlefield," issued by the Pew Charitable Trust, to the members of the committee.

- **Community Solar Update**

Dianne Corsellow of Dominion Virginia Power discussed the new community solar power program that is underway by Dominion. That presentation is available on the JCOTS website.

- **Agriculture-to-Energy: Policies Supporting Energy Production From Biomass and Animal Manure**

Jack Frye of the Chesapeake Bay Commission presented to the committee on the subject of using biomass and animal manure to produce energy. That presentation is available on the JCOTS website.

- **OPower Policy Update**

OPower provided a brief follow-up from its presentation at the last Energy meeting. A representative from OPower told the committee that OPower had discussed their concerns with the Governor's Office and the State Corporation Commission about a possible legislative fix that would allow their program to be utilized in the Commonwealth.

- **Expansion of Resources Eligible for Fulfilling Virginia RPS Goals**

Irene Kowalczyk of MeadWestVaco presented to the committee on legislation proposals regarding renewable power sources. That presentation is available on the JCOTS website.

- **Discussion & Public Comment**

The chair opened the floor for public comment. No public comments were taken.

This is the final JCOTS Energy Advisory Committee meeting for the 2011 interim.
